United States Patent and Trademark Office (USPTO)
Office Action (Official Letter) About Applicant's Trademark Application

U.S. Application Serial No. 90893959

Mark: MONSTER

Correspondence Address:

Matthew Powelson
321 LAW, INC.
P.O. BOX 911
MONTEREY CA 93942 UNITED STATES

Applicant: Monster, Inc.

Reference/Docket No. MON.T.1721

Correspondence Email Address: matt@321-law.com

NONFINAL OFFICE ACTION

Response deadline. File a response to this nonfinal Office action within three months of the “Issue date” below to avoid [abandonment](#) of the application. Review the Office action and respond using one of the links to the appropriate electronic forms in the “How to respond” section below.

Request an extension. For a fee, applicant may [request one three-month extension](#) of the response deadline prior to filing a response. The request must be filed within three months of the “Issue date” below. If the extension request is granted, the USPTO must receive applicant’s response to this letter within six months of the “Issue date” to avoid abandonment of the application.

Issue date: April 11, 2023

On July 8, 2022, action on this application was suspended pending the disposition of U.S. Application Serial No. 86581837. This prior-pending application has abandoned and is no longer a potential bar to the registration of applicant’s mark. However, the previously referenced prior-pending U.S. Application Serial No. 90312099 has registered since the December 21, 2021 Office Action. Therefore, registration is refused as follows.

SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration Nos. 5578775, 6191099, and 6625640. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 et seq. *See* the attached registrations.

Applicant’s mark is **MONSTER** (in standard characters) for “Portable battery-operated lights that can be placed on surfaces where other light sources are unavailable and lighting fixtures; wall mounted lighting fixtures; ceiling mounted lighting fixtures; electric night lights; strip lighting for indoor use, namely, rope lights in the nature of LED and incandescent light strips for decorative purposes; strip lighting for indoor use, namely, strip lights in the nature of LED and incandescent light strips for decorative and task lighting purposes; track lighting; table lamps; desk lamps; under cabinet lighting installations; flashlights; electric light bulbs; Edison style light bulbs; fluorescent electric light bulbs; LED light bulbs; electric lighting fixtures; solar lighting fixtures; LED lighting fixtures; floor lamps; exterior lighting installations and lighting fixtures; landscape lights in the nature of landscape lighting installations and lighting fixtures; deck and patio lighting installations and lighting fixtures; furniture lighting installations and lighting fixtures; light bars, namely, strip lighting for indoor use; holographic lighting installations and lighting fixtures; ring lights for illumination purposes and lighting fixtures; electronic heated blankets, namely, electric blankets not for medical purposes; LED light assemblies for automobiles; automotive blankets, namely, electric blankets not for medical purposes” in International Class 11.

The mark in U.S. Registration No. 5578775 is **LED MONSTER** (in standard characters) for “LED light assemblies for street lights, signs, commercial lighting, automobiles, buildings, and other architectural uses; LED light bulbs; LED light strips for decorative purposes” in International Class 11.

The mark in U.S. Registration No. 6191099 is **MONSTRUM** (in standard characters) for, in relevant part, “Flashlights, headlamps not for medical purposes, flashlight mounts” in International Class 11.

The mark in U.S. Registration No. 6625640 is **MONSTER BOARD** (in standard characters) for “Lamps; Searchlights; Fluorescent lamp tubes; Infrared lighting fixtures; Lamps for tents; Lanterns for lighting; LED lamps; LED light bulbs; LED safety lamps; LED underwater lights; Lighting apparatus,

namely, lighting installations; Lighting fixtures; Lighting installations for vehicles; Lights for use in growing plants; Lights for vehicles; Luminous tubes for lighting; Portable headlamps; Solar light fixtures, namely, indoor and outdoor solar powered lighting units and fixtures; String lights for festive decoration; Theatrical stage lighting apparatus; Ultraviolet ray lamps, not for medical purposes” in International Class 11.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int’l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

Similarity of the Marks

Applicant’s mark is **MONSTER** (in standard characters).

The mark in U.S. Registration No. 5578775 is **LED MONSTER** (in standard characters).

The mark in U.S. Registration No. 6191099 is **MONSTRUM** (in standard characters).

The mark in U.S. Registration No. 6625640 is **MONSTER BOARD** (in standard characters).

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondée En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Inn at St. John’s, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff’d per curiam*, 777 F. App’x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

When comparing marks, “[t]he proper test is not a side-by-side comparison of the marks, but instead whether the marks are sufficiently similar in terms of their commercial impression such that [consumers] who encounter the marks would be likely to assume a connection between the parties.” *Cai v. Diamond Hong, Inc.*, 901 F.3d 1367, 1373, 127 USPQ2d 1797, 1801 (Fed. Cir. 2018) (quoting

Coach Servs., Inc. v. Triumph Learning LLC, 668 F.3d 1356, 1368, 101 USPQ2d 1713, 1721 (Fed. Cir. 2012)); TMEP §1207.01(b). The proper focus is on the recollection of the average purchaser, who retains a general rather than specific impression of trademarks. *In re Ox Paperboard, LLC*, 2020 USPQ2d 10878, at *4 (TTAB 2020) (citing *In re Bay State Brewing Co.*, 117 USPQ2d 1958, 1960 (TTAB 2016)); *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018); TMEP §1207.01(b); see *In re St. Helena Hosp.*, 774 F.3d 747, 750-51, 113 USPQ2d 1082, 1085 (Fed. Cir. 2014).

U.S. Registration Nos. 5578775 and 6625640

In the present case, applicant's mark and the marks in U.S. Registration Nos. 5578775 and 6625640 create similar commercial impressions because each of the marks feature the nearly identical term "MONSTER". Marks may be confusingly similar in appearance where similar terms or phrases or similar parts of terms or phrases appear in the compared marks and create a similar overall commercial impression. See *Crocker Nat'l Bank v. Canadian Imperial Bank of Commerce*, 228 USPQ 689, 690-91 (TTAB 1986), *aff'd sub nom. Canadian Imperial Bank of Commerce v. Wells Fargo Bank, Nat'l Ass'n*, 811 F.2d 1490, 1495, 1 USPQ2d 1813, 1817 (Fed. Cir. 1987) (holding COMMCASH and COMMUNICASH confusingly similar); *In re Corning Glass Works*, 229 USPQ 65, 66 (TTAB 1985) (holding CONFIRM and CONFIRMCELLS confusingly similar); *In re Pellerin Milnor Corp.*, 221 USPQ 558, 560 (TTAB 1983) (holding MILTRON and MILLTRONICS confusingly similar); TMEP §1207.01(b)(ii)-(iii).

Moreover, this nearly identical wording is also the dominant or sole wording in each of the respective marks. Indeed, although marks are compared in their entireties, one feature of a mark may be more significant or dominant in creating a commercial impression. See *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Nat'l Data Corp.*, 753 F.2d 1056, 1058, 224 USPQ 749, 751 (Fed. Cir. 1985); TMEP §1207.01(b)(viii), (c)(ii).

Disclaimed matter that is descriptive of or generic for a party's goods is typically less significant or less dominant when comparing marks. See *In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); *Made in Nature, LLC v. Pharmavite LLC*, 2022 USPQ2d 557, at *41 (TTAB 2022); TMEP §1207.01(b)(viii), (c)(ii).

In the present case, the wording "LED" is disclaimed in U.S. Registration No. 5578775 and "BOARD" is disclaimed in U.S. Registration No. 6625640. Thus, this wording is less significant in terms of affecting the marks' overall commercial impressions, and renders the wording "MONSTER" the dominant or sole element of the marks. As such, consumers encountering the marks may believe that applicant's mark merely identifies a line of goods from the same source as registrants' marks.

U.S. Registration No. 6191099

Further, under the doctrine of foreign equivalents, a mark in a common, modern foreign language and a mark that is its English equivalent may be held confusingly similar. TMEP §1207.01(b)(vi); see, e.g., *In re Aquamar, Inc.*, 115 USPQ2d 1122, 1127-28 (TTAB 2015); *In re Thomas*, 79 USPQ2d 1021, 1025 (TTAB 2006). Consequently, marks comprised of foreign wording are translated into English to determine similarity in meaning and connotation with English word marks. See *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee en 1772*, 396 F.3d 1369, 1377, 73 USPQ2d 1689, 1696 (Fed. Cir. 2005). Equivalence in meaning and connotation may be sufficient to find such marks

confusingly similar. *See In re Aquamar, Inc.*, 115 USPQ2d at 1127-28; *In re Thomas*, 79 USPQ2d at 1025.

The registrant's mark is in Polish, which is a common, modern language in the United States. *See In re New Yorker Cheese Co.*, 130 USPQ 120 (TTAB 1961) (Polish).

The doctrine is applied when "the ordinary American purchaser" would "stop and translate" the foreign term into its English equivalent. *Palm Bay*, 396 F.3d at 1377, 73 USPQ2d at 1696 (quoting *In re Pan Tex Hotel Corp.*, 190 USPQ 109, 110 (TTAB 1976)); TMEP §1207.01(b)(vi)(A). The ordinary American purchaser includes those proficient in the foreign language. *In re Spirits Int'l, N.V.*, 563 F.3d 1347, 1352, 90 USPQ2d 1489, 1492 (Fed. Cir. 2009); *see In re Thomas*, 79 USPQ2d at 1024. Specifically, the evidence from Census.gov shows the large number of U.S. consumers who speak this language.

In this case, the ordinary American purchaser would likely stop and translate the mark because the Polish language is a common, modern language spoken by an appreciable number of consumers in the United States. Specifically, the evidence from the Cambridge Dictionary shows the foreign wording directly translates to the English wording, "MONSTER". As such, consumers retaining only a general rather than a specific impression of trademarks are likely to believe that the applicant's and registrant's marks identify the same source as applied to the respective goods.

Accordingly, applicant's and registrants' marks are confusingly similar.

Relatedness of the Goods

Applicant's goods are for "Portable battery-operated lights that can be placed on surfaces where other light sources are unavailable and lighting fixtures; wall mounted lighting fixtures; ceiling mounted lighting fixtures; electric night lights; strip lighting for indoor use, namely, rope lights in the nature of LED and incandescent light strips for decorative purposes; strip lighting for indoor use, namely, strip lights in the nature of LED and incandescent light strips for decorative and task lighting purposes; track lighting; table lamps; desk lamps; under cabinet lighting installations; flashlights; electric light bulbs; Edison style light bulbs; fluorescent electric light bulbs; LED light bulbs; electric lighting fixtures; solar lighting fixtures; LED lighting fixtures; floor lamps; exterior lighting installations and lighting fixtures; landscape lights in the nature of landscape lighting installations and lighting fixtures; deck and patio lighting installations and lighting fixtures; furniture lighting installations and lighting fixtures; light bars, namely, strip lighting for indoor use; holographic lighting installations and lighting fixtures; ring lights for illumination purposes and lighting fixtures; electronic heated blankets, namely, electric blankets not for medical purposes; LED light assemblies for automobiles; automotive blankets, namely, electric blankets not for medical purposes" in International Class 11.

The goods in U.S. Registration No. 5578775 are for "LED light assemblies for street lights, signs, commercial lighting, automobiles, buildings, and other architectural uses; LED light bulbs; LED light strips for decorative purposes" in International Class 11.

The goods in U.S. Registration No. 6191099 are for, in relevant part, "Flashlights, headlamps not for medical purposes, flashlight mounts" in International Class 11.

The goods in U.S. Registration No. 6625640 are for "Lamps; Searchlights; Fluorescent lamp tubes; Infrared lighting fixtures; Lamps for tents; Lanterns for lighting; LED lamps; LED light bulbs; LED

safety lamps; LED underwater lights; Lighting apparatus, namely, lighting installations; Lighting fixtures; Lighting installations for vehicles; Lights for use in growing plants; Lights for vehicles; Luminous tubes for lighting; Portable headlamps; Solar light fixtures, namely, indoor and outdoor solar powered lighting units and fixtures; String lights for festive decoration; Theatrical stage lighting apparatus; Ultraviolet ray lamps, not for medical purposes” in International Class 11.

The compared goods need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be “related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source.” *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i); *see Made in Nature, LLC v. Pharmavite LLC*, 2022 USPQ2d 557, at *44 (TTAB 2022) (quoting *In re Jump Designs LLC*, 80 USPQ2d 1370, 1374 (TTAB 2006)).

Indeed, the attached Internet evidence establishes that the same entity commonly provides the relevant goods and markets the goods under the same mark. *See* attached Internet evidence from Pottery Barn, L.L. Bean, and Philips showing the same parties offering portable battery-operated lights, wall mounted lighting fixtures, ceiling mounted lighting fixtures, strip lighting, rope lights, table lamps, desk lamps, lighting installations, light bulbs, exterior lighting installations and fixtures, furniture lighting, flashlights, headlamps, lamps, searchlights, string lights, and lamps for tents. Thus, applicant’s and registrants’ goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

Section 2(d) Refusal – Conclusion

The marks are similar in overall commercial impression, and the goods are highly related. It is likely that a consumer would mistakenly believe applicant’s goods are offered by registrant(s) or vice versa. For these reasons, registration is refused pursuant to Section 2(d) of the Trademark Act.

Although applicant’s mark has been refused registration, applicant may respond to the refusal(s) by submitting evidence and arguments in support of registration.

ASSISTANCE: Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

How to respond. File a [response form to this nonfinal Office action](#) or file a [request form for an extension of time to file a response](#).

OVERVIEW

This rechargeable LED flashlight features cage styling for a vintage twist on a modern design. A hook on the bottom makes it easy to hang in a tent or in the garage, and it runs up to 24 hours on a single charge.

- Unique cage style and vintage appearance with modern functionality.
- Offered in a variety of finishes; each sold separately.
- Dual brightness LED bulb with telescoping light focus adjustment.
- Phthalate, BPA, lead and latex free.
- Run Time is 24 hours on low and 2.5 hours on high.
- Included: 1 LED bulb and 1 USB C charging cable.
- Limited 1 year manufacturer's warranty.
- Imported.

• Floor lamps are a great addition to any room in the home. These indoor lighting essentials allow you to illuminate a large, focused area of the room at once. Floor lamps are often used at night when the overhead ceiling light would be too bright.

OUTDOOR LIGHTING

As with an indoor space, outdoor lighting sets without light fixtures is a risk. Exterior outdoor lighting comes in many styles, including outdoor sconces and outdoor lighting.

As light is an every day, outdoor living areas become bright and warm. Enjoy your outdoor living spaces anytime with the help of porch lights, outdoor sconces and string lights.

- Hanging porch lights are light fixtures that can be installed on your porch ceiling or roof overhang. With the right light bulbs, these lights will effectively illuminate the entire area. Choose from flush mount porch lights for porches with low ceilings or add drama with hanging pendant lights.
- Outdoor sconces function just like indoor wall sconces but are made with durable materials that can stand up to inclement weather conditions. Install these gorgeous lights on walls at the front, back or side of your home.
- String lights are mostly decorative but will add extra light to your outdoor living space. These lights can be wrapped around a tree, draped over a fence or hung on the roof. Choose from classic white bulbs or pretty colored string lights.

For indoor and outdoor living spaces, Pottery Barn has the right light fixtures to create warmth and add brightness. Choose a decorative ceiling light for every space, then supplement with wall, table and floor lights to complete the look.

OVERVIEW

Light up your Saturday nights. Our LED strings lights are party-approved, so you can cast a subtle glow and set the mood for year-round entertaining. The cafe-style bulbs illuminate your gazebo, canopy or outdoor area.

- Durable, impact resistant acrylic bulbs won't break if dropped, stepped on, or blown around in the wind.
- Each strand of Enbrighten Café Lights has end-to-end connections, so you can link multiple sets to achieve the perfect length for any installation.
- Linkable up to 750 feet and easy to install with flexible mounting options, mount on a flat surface or hang from above (mounting hardware not included).
- Available in 12, 24 or 48' length.
- Enbrighten LEDs reduce energy usage by over 95% and last a lifetime.
- Commercial grade construction and UL Listed for permanent indoor and outdoor installation, designed to withstand year-round exposure to the elements so you only have to set them up once.
- Imported.

Choose a bulb

Helping you make the right choice

Welcome to the extensive light bulb collection from Philips Lighting. It includes LED, halogen and fluorescent bulbs for your home, office, and more. They come in a variety of shapes, styles, and bases to meet many applications for lighting and decor. Whether you want to create the perfect atmosphere for your home, energize your home office or study, add ambiance with color, complement your decor, or simply save energy and reduce your electric bill, there's something for you. And it doesn't have to be a challenge to find the right light bulb. It's easy to use, and helps you find the right bulb for your needs.

Find the light bulb technology that's right for you

Long lasting Philips LED light bulbs

A LED light bulb can last for a decade or more. LED bulbs have many styles, including soft white and daylight. With Philips LED technology, you can choose between dimmable, SceneSwitch, or vintage filament options

[Discover Philips LED](#)

Energy saving compact fluorescent light bulbs

A compact fluorescent (CFL) light bulb can offer comfortable soft light for an inviting atmosphere. Philips CFLs combine the energy efficiency of fluorescent light with the convenience of incandescent bulbs.

[Discover Philips CFL](#)

A familiar look and feel with halogen light bulbs

Halogen bulbs are the quickest and easiest way to replace classic incandescent light bulbs. With a wide range of lighting possibilities, halogen offers the same quality of warm, sparkling light as incandescent.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on April 11, 2023 for
U.S. Trademark Application Serial No. 90893959

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response, or extension request, must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response deadline. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status](#) of your application periodically** in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. Verify the correspondence originated from us by using your serial number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).
- **[Hiring a U.S.-licensed attorney](#)**. If you do not have an attorney and are not required to

have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
